Dear Sir or Madam,

In response to the growing number of coronavirus cases (COVID-19), out of concern for your health and safety and to ensure our continuity of production, **please limit your personal visits to our company's headquarters until further notice.**

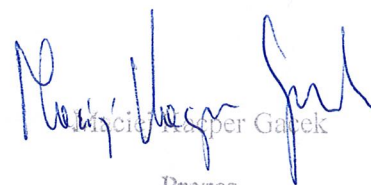

At the same time we decided to limit the travels of our own employees to contractors.

We want to minimize the risks associated with the infection exposure of both our employees and contractors and potential disease-spreading.

Please discuss all topics by e-mail, telephone or video conference.

Being aware of the seriousness of the situation we look forward to understanding and accepting our decision on your part. If you have any questions we remain at your disposal.

Yours Sincerely,

  
Prezes
